POLICE OFFICERS ARE OUR FRIENDS
GO AHEAD AND SAY HELLO!!

DON'T TALK TO STRANGERS. DON'T TAKE THEIR GIFTS AND
NEVER GET IN A CAR WITH THEM

There are two types of telephone dials
Practice on both so you will always be ready.

If you use a pay phone 911 is a FREE call.

BEING SAFE ON YOUR BIKE MEANS WEARING A
HELMET AND LOOKING OUT FOR DANGER

BE A SAFE PASSENGER - ALWAYS BUCKLE UP!!!

Dear Parents,

We know how important your children are to you. We want to help you keep them safe.

Please review with your children the ideas presented in this activity book. Listen to their questions and help them understand why these safety concepts are important. Practice will help them develop good safety habits. Reinforce positive behavior and take time to answer their questions.

The most important thing you can do is set a good example. Children will often imitate what they see you do in spite of what you say. Show them how to be a safe pedestrian. Develop a family rule of always wearing seat belts. Show them your respect for the rules and laws which help to keep us all safer.

The things you teach your children now may someday save their lives.

REMEMBER

1. Always tell a parent where you are going.
2. Beware of strangers.
3. Always wear your seat belt.
4. Know and obey the bicycle safety rules.
5. Learn to use the phone to call for help.
6. Play where it is safe - away from traffic.
7. Cross the street at the corner.
8. Remember that police officers are your friends.
They want to help you stay safe.
